Subject: New Postdoc Minimum Salary Effective October 1, 2009

Dear Postdoctoral Scholar Administrators:

Provost Pitts has signed the issuance letter which raises UC’s Postdoctoral Scholar minimum annual salary/stipend to $37,400, effective October 1, 2009. This is the last phase of the three year plan to raise the minimum rate to that of NIH scale (rounded up to the nearest $100).

The maximum of the range will remain $80,880.

Attached please find a copy of the new PPM/APM salary tables.

Per APM 390, PIs and departments are required to increase their postdocs’ salary/stipend to meet the new minimum requirement. I will be contacting departments individually with a list of postdocs who fall under the new minimum and therefore will require manual PPS action.

Please let me know if you have any questions.

Sincerely,

Jennifer Oh
