

# Academic Affairs Fiscal Contacts Meeting

September 18, 2012

# Announcements

# Year-End Fund Balances

- ▶ Academic Affairs department balances in core funds increased by 11% in FY 2012 (\$90M to \$100M)
- ▶ Increases not evenly distributed
- ▶ Continuing interest from campus and UCOP in reasons for fund balances
- ▶ Requests for explanations of year-end balances will be sent out in next two weeks
- ▶ Same template as last year will be used

# Graduate Fee Relief Funds

- ▶ In 2012, \$3M in funding was provided to departments and ORUs to assist in covering the costs of graduate student fee increases
- ▶ Funds to be used for graduate support
- ▶ EVC will soon request chairs and directors to report on the usage of these funds

# Funding Streams – Updates

# Decentralization of Benefits Pool

- ▶ The Campus Budget Office no longer manages central benefits pools for 19900A.
- ▶ All permanent funding in the pools has been allocated to the VC areas. The allocation was based on projected salary and benefits costs for 11/12.
- ▶ Academic Affairs allocation was \$54M, approximately 27% of salary.

# Allocations for Benefits Costs

- ▶ Benefits costs in departments vary significantly (from 20% to more than 50% of salary)
- ▶ In 12/13 (based on Jul & Aug payroll), the average benefits rate has increased from 27% to 32%.
- ▶ Projected benefits cost for 12/13 is \$60M.
- ▶ Funding for the increased costs is to come from new student tuition revenue, but allocation has not been determined.

# Allocations for Benefits Costs (cont.)

- ▶ For 12/13, Academic Affairs will allocate funding for benefits costs on 19900A and 20095A based on actual costs
- ▶ ORA will manage benefits funding for ORUs and research administration units
- ▶ Funding will be allocated for benefits costs for all academic instructional faculty (ladder-rank titles, temporary lecturers, TAs, readers, tutors)
- ▶ Funding will be allocated for benefits costs for all permanently budgeted staff positions

# Allocations for Benefits Costs (cont.)

- ▶ Allocations for benefits will be made on a monthly basis, one month in arrears
- ▶ Allocations for July and August costs will be posted to the September ledger
- ▶ Any shortfalls in EVC benefits pool will be taken into account in the determination of 13/14 allocations

# General Liability Costs

- ▶ In the past, funding for general liability costs for salaries on 19900A has been provided from a campus central pool
- ▶ Allocations are auto-funded each month and have continued into 12/13
- ▶ No allocations have been made for salaries paid from 20095A
- ▶ Decentralization of the general liabilities pool will be reviewed by campus in fall quarter.
- ▶ Anticipate elimination of auto-funding and allocations from EVC to cover costs

# Funding for Salary Increases

- ▶ EVCAA is providing funding for 12/13 academic merit costs
- ▶ Funding for staff salary increases is still under review by campus
- ▶ The new campus budget allocation process would provide funding for these from increased revenue from student fees
- ▶ Anticipate decisions regarding funding of staff salary increases by end of fall quarter

# Fund Sources for 12/13 EVCAA Allocations

- ▶ Temporary FTE – 19900A
- ▶ TA FTE – 19900A
- ▶ Admin Stipends & Ninths – 19900A
- ▶ Equipment Allocations – 19900A
- ▶ Faculty Startup & Retention – 19933A or 05397A or 07427A
- ▶ Undergraduate Seminars – 19900A
- ▶ Graduate Support (incl. block grant) – 19942A
- ▶ Summer Admin Support – 20095A

# Salary Released by Faculty Leaves

- ▶ When faculty take some type of partial leave, whether it is LWOP or sabbatical or FSEP/FLP, departments should create released salary on 19900A first. Pay distributions on 19900A should be reduced first.

## Examples

- ▶ 100% sabbatical: 50% 20095A and 50% 19900A
- ▶ 67% sabbatical, 33% LWOP: 50% 20095A and 17% 19900A
- ▶ 50% regular, 50% FLP: 50% 20095A and 0% 19900A (and 50% other fund source)
- ▶ 90% regular and 10% FSEP: 50% 20095A and 40% 19900A and 10% other fund

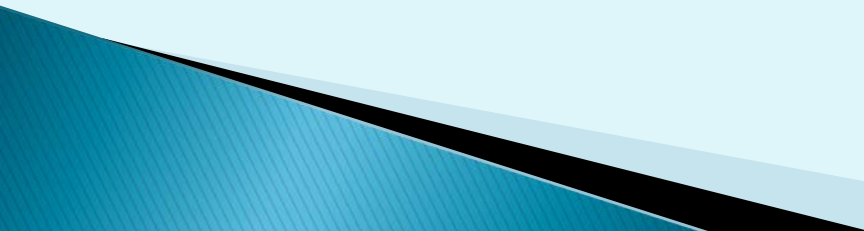

# UC PATH – General Info

»» Preliminary Info – subject to change

# UC PATH – Dates

Milestones	Date
Wave 1 Design Activities/Wave 2 Pre-Activities	On-going
Wave 1 Go-live	July 2013
Wave 2 Kickoff and planning	April 2013
Wave 2 Config, Setup, Build	May 2013–Sept 2013
Wave 2 Test	Oct 2013–Feb 2014
Wave 2 Transition/readiness	March 2013
Wave 2 Go-live	April 2014

# PPS and UC PATH – Differences

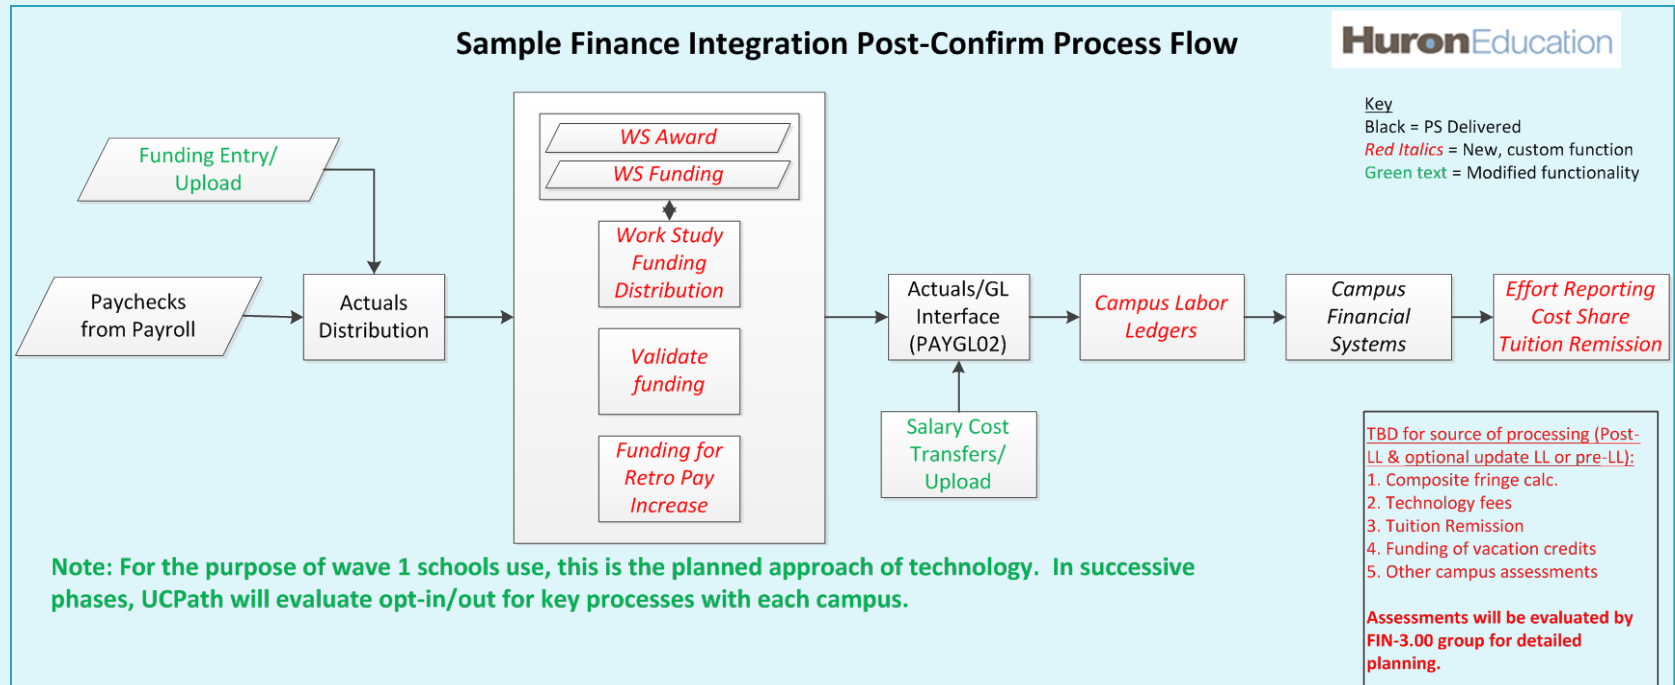

- ▶ PPS is an integrated HR, payroll, financial system
  - ▶ UC PATH is primarily an HR system
  - ▶ Financial integration is a customization or add-on to the Peoplesoft application
  - ▶ HR roles will be different from financial roles
  - ▶ HR processes will be separate from financial processes
- 

# UC PATH – HR

- ▶ Positions are entered into system
  - Title, department, % time, etc.
- ▶ People are placed into positions
- ▶ Paychecks are generated based on this information
- ▶ Access will be very centralized, with little or no department access
- ▶ How the position is funded is entered separately
- ▶ Paychecks are generated whether or not funding has been entered
- ▶ Default funding for positions and departments

# UC PATH - GL Integration

# Funding Entry

- ▶ Funding is entered by fiscal year
- ▶ Funding is entered by position
- ▶ Relies on effective dates of new funding
  - May not use funding end dates
- ▶ Pay distribution is always 100%; position information determines percent of time to pay

# Funding Entry (cont.)

- ▶ Compensation rate is equivalent to salary rate multiplied by percent time
- ▶ FTE % is percentage of time for position, not a permanent budget amount
- ▶ No PANs
- ▶ Separate web interface for salary cost transfers – No ePET

Approval Status: Ready for Approval

Color	Meaning
Blue	Campus-specific chartfields. The blue section will be replaced on each campus's funding entry page with the chartfields that the campus uses.
Yellow	User-entered fields.
Light Blue	Fields that default in from Job Data or Commitment Accounting setup data, or are derived on the page and not stored in the database (Approx Pay).

# Impacts

- ▶ Conversion to biweekly pay cycles for non-exempt employees by Jan 31, 2013
- ▶ Discussion of composite benefits rates – using one rate for a group of titles
- ▶ Standardization/consolidation of title codes
- ▶ Standardization of account codes
- ▶ Standardization of campus HR and payroll processes
- ▶ Departmental review of business processes

# Examples of Other Issues

- ▶ How benefits will be attached to earnings
  - PPS uses coding linked to titles and DOS codes to determine how/what benefits are assessed to salary payment
- ▶ Staffing list production for permanent positions may be decoupled from HR/Payroll system
